Title: Review Rating Summary, RUS Form 300, 7 CFR part 1730.

OMB Control Number: 0572-0025.

Type of Request: Extension of a currently approved information collection.

Abstract: RUS manages loan programs in accordance with the RE Act of 1936, as amended (7 U.S.C. 901 *et seq.*). An important part of safeguarding loan security is to see that RUS financed facilities are being responsibly used, adequately operated, and adequately maintained. Future needs must be anticipated to ensure that facilities will continue to produce revenue and loans will be repaid as required by the RUS mortgage. A periodic operations and maintenance (O&M) review, using the RUS Form 300, in accordance with 7 CFR part 1730, is an effective means for RUS to determine whether the Borrower's systems are being properly operated and maintained, thereby protecting the loan collateral. The O&M review is also used to rate facilities and can be used for appraisals of collateral as prescribed by OMB Circular A-129, Policies for Federal Credit Programs and Non-Taxable Receivables.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 4 hours per response.

Respondents: Not-for-profit institutions.

Estimated Number of Respondents: 217.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 868.
